

## DEEP-GROOVE BALL BEARINGS PULLER KIT

For quick and easy extraction of your deep-groove ball bearings housed in blind bearings.

BBPS 10-100

Prong

Extraction ring

### APPLICATIONS

This puller kit is specially adapted to carry out, without dismantling your machine, extractions of bearings that are difficult to access, such as:

- Bearings housed in blind bearings,
- Bearings installed on shafts,
- Bearings with a tight fit on outer or inner rings.

### ADVANTAGES

#### Practical and easy

- The kit contains 3 O-rings to facilitate the assembly of your tool.
- The marking of parts along with the selection table included enables a quick selection of accessories to be used.
- The visual user guide favours the correct implementation of the tool.

#### Reliable and safe

- The design of tools enables successful and safe dismantling, without risk of jacking over and without forces.
- Each component is made of high quality steel, robust and resistant to impact, ensuring product longevity.

#### Flexible

- The case includes 3 different sizes of shafts and 28 puller arms providing a very wide range of applications.
- The kit enables extraction of bearings of 10 to 100 mm bore diameter.
